- embroidery floss for making friendship bracelets
- fun, wacky, dress-up costumes

★★ Proper footwear is essential at camp. The camp terrain is uneven so any type of open-foot, open-toed and/or open-heelled shoe (i.e. Birkenstock) is inappropriate. Please do not send Crocs – campers who wore these the past three summers unintentionally subjected their feet to a number of nasty cuts and blisters when pine needles, bits of bark, etc. from mulch along Kamaji's paths got lodged in the holes of the crocs. **FLIP-FLOPS ARE ONLY WORN AT THE WATERFRONT AND TO WASHHOUSE. LACE-UP LEATHER SHOES WITH APPROXIMATELY 1" INCH HEELS ARE NEEDED FOR HORSEBACK RIDING SO THAT THE HEEL CAN "GRIP" THE STIRRUP; IT IS NOT NECESSARY TO SEND RIDING BOOTS. CLOSE-TOED AND -HEELLED SHOES (I.E. TENNIS SHOES- AGAIN NOT "BIRKENSTOCKS" OR CROCS) MUST BE WORN AT ALL OTHER TIMES. REMEMBER: IMPROPER FOOTWEAR CAN LEAD TO INJURY.** (Summer 2010)
